

**Group B [List of the Enrolled Student | Autumn–2019 | Course: 598/698 Seminar]**

Instructors:

Dr. Md. Moshuiul Islam, Professor, Dept. of AGR

Dr. Moinul Hosain Oliver, Associate Professor, Dept. of AGE

SL No.	Date and Time	Name	Reg. No.	Dept.	Prog.	Seminar Paper Title
1.	29/08/2019 Thursday   2 pm	Md. Sadekur Rahman	06-11-1794	AER	PhD	Status of biochar production and use of biochar producing stoves in rural Bangladesh
		Md. Rashedul Islam	14-05-3401	AEC	MS	Impact of Technology on Selected Crop Production in Bangladesh
		Tahmina Akter	14-05-3138	AGR	MS	Effect of Draught on Growth and Yield of Mungbean
2.	5/9/2019 Thursday   2 pm	Quazi Mostaque Mahmud	17-05-4492	PLP	PhD	Characterization and Biological Control of Bacterial Leaf Blight Disease in Rice
		Ariful Islam	14-05-3392	ENS	MS	Impacts of climate change on wetland / Haor Ecosystem Service in Bangladesh
		Arumoy Halder	14-05-3246	SSC	MS	Effects of Acid Rain on Plant Growth and Development
3.	12/9/2019 Thursday   2 pm	Atia Khan	13-05- 2961	ENT	MS	Toxicity of Insecticides to Non-target Organisms
		Deepto Kundu	14-05-3290	AQC	MS	Utilization of poultry feather meal as an alternative protein source in aqua feed
		Fahmida Shahrin	14-05-3153	GPB	MS	Distant Hybridization in Crop Improvement
4.	19/9/2019 Thursday   2 pm	Fariya Islam Rodru	14-05-3239	PLP	MS	Use of Chitosan for controlling plant diseases
		Foysal Ahmed	14-05-3211	SSC	MS	Effect of soil fertility depletion on bio-diversity and crop production in hilly areas
		Hasina Momotaz Shawon	14-05-3147	SSC	MS	Role of Biofertilizer in Organic Agriculture
5.	26/9/2019 Thursday   2 pm	Ismot Ara Rima	14-05-3231	AGR	MS	Morphological and physiological changes of Wheat under drought condition
		Kazi Faisal Kabir	18-05-4875	GPB	MS	Mutation Breeding : A Tool for Horticultural Crop Improvement
		Kazi Rabbi Islam	14-05-3185	SSC	MS	Organic amendment impacts on soil health
6.	3/10/2019 Thursday   2 pm	Md. Ajimul Haque	14-05-3236	HRT	MS	Post- harvest handling and Marketing of fruits and vegetables in Bangladesh
		Md. Alomgir Hossain	14-05-3140	AGR	MS	Effect of Ground Water Depletion on Crop Production in Northwestern Region of Bangladesh
		Md. Aminur Rahman	14-05-3163	PLP	MS	Fungal Antagonist in Controlling Soil Borne Diseases of Vegetable Crops
7.	10/10/2019 Thursday   2 pm	Md. Ariful Islam	14-05-3277	FBE	MS	Seaweed Polysaccharide as a Regulatory Factor of the Gastrointestinal Microbial Ecosystem
		Md. Ashikur Rahman	18-05-4886	GFB	MS	Immunostimulant Chitosan From the shell of aquatic organism for increased fish production
		Md. Hafij Al Asad	14-05-3296	FMG	MS	Nutrient distribution in Sundarbans Mangrove Ecosystem
8.	17/10/2019 Thursday   2 pm	Md. Karimul Ahsan	14-05-3166	AGR	MS	Salinity Effects on Growth, Physiology and Yield of Rice.
		Md. Mahamudul Hassan	14-05-3295	GFB	MS	Breeding biology and seed production of climbing perch ( Anabas testudineus )
		Md. Mosharof Hossain	18-05-4866	PBL	MS	Outbreak Status of Avian Influenza in Bangladesh
9.	19/10/2019 Saturday   10 am	Md. Nazibullah	14-05-3221	HRT	MS	Rooftop Gardening for food security and environmental protection
		Md. Neaul Karim	18-08-4903	GPB	MS	Technological advances and innovations in Rice breeding to create new varieties
		Md. Raihan Islam	14-05-3268	SSC	MS	Impacts of Drought in Agricultural Productivity : Strategies for Management
10.	19/10/2019 Saturday   2 pm	Md. Shahol Rana	14-05-3388	AER	MS	Adoption of organic vegetables cultivation by the farmers in Barsihal District
		Md. Sohel Rana	14-05-3384	AEC	MS	Climate Change Impacts on Boro Rice Production In Bangladesh
		Md. Shakwhat Hossain Bhuyian	18-08-4917	HRT	PhD	Agroprocessing industries and economic development of Bangladesh
11.	24/10/2019 Thursday   2 pm	Mst. Farhana Najnin	14-05-3398	ENS	MS	Plant adaptation strategies in flood stress environment
		Nishat Lubna	14-05-3240	PLP	MS	Use of Bio-control agents in controlling soil borne fungal diseases of vegetable crops
		Nur Ausraf	14-05-3232	PLP	MS	Biological Control of Blast Disease in Rice
12.	26/10/2019 Saturday   10 am	Rafi Abdullah Al Jaber	14-05-3247	SSC	MS	Effects of Organic Farming on Soil Health
		Sabikun Nahar	14-05-3309	FBE	MS	Wastewater Treatment Techniques for Sustainable Aquaculture
		Shanjida Akter Antara	14-05-3243	SSC	MS	Impact of soil pH on nutrient availability and crop production
13.	26/10/2019 Saturday   2 pm	Sharmin Gulshan Ara Lina	13-05-2989	SSC	MS	Nitrogen management options for better crop production and reducing green house gas emission
		Umme Salma Khatun	14-05-3258	SSC	MS	Impact of longterm application of organic matter on soil properties and crop production
		Suma Khatun	14-05-3192	AFE	MS
